Bench Plaque - *Please write what you would like the plaque to read:*

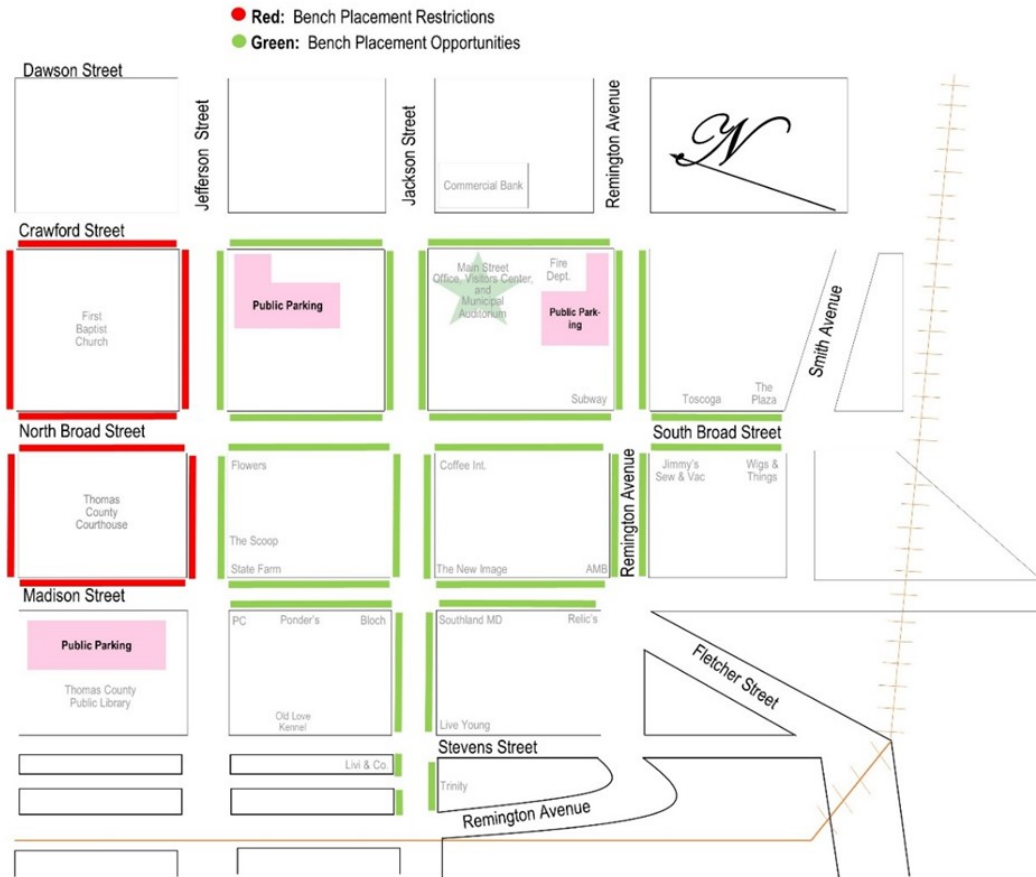

Desired Bench Location - *We cannot guarantee exact location.*

Signature: _____ **Date:** _____

Bench Guidelines and Order Procedure for Purchaser

Bench Guidelines and Placement: Available locations for bench placement include Broad Street, Crawford Street, Jackson Street, Jefferson Street, Madison Street, and Remington Avenue. Space is limited, and Broad Street is quickly filling up. The required width needed for sidewalk pedestrian right-of-way is 48 inches. At this time, benches cannot be placed on the same block as First Baptist Church and Thomas County Courthouse. Desired bench placement location is not guaranteed, but Main Street will work with interested party as best they can. Please contact the Main Street Office with any other location ideas of bench placement within the downtown area.

Pricing: Main Street will get a quote from the bench manufacturer. Prices have varied over the years, as benches are individually made. Main Street will cover the cost of the plaque. Payment is required in full and up front. Cash or check only, made out to “City of Thomasville.” Checks are preferred.

Turn-around Time: After payment is received in the Main Street Office, turn-around time for bench delivery is around 10-12 weeks. Main Street will inform purchaser of delivery shortly after the bench has been placed on the sidewalk.

Plaque: Main Street will order and install the plaque on the bench after the bench arrives. The plaques are UV stable, antique gold in color, and 7.5” length by 3” height. Let Main Street know what you would like the plaque to read. If desired, you will be able to see a draft before the plaque is ordered.
