# City of Thomasville Main Street Facade Grant Program

The Thomasville Main Street Facade Grant Program is funded by the City of Thomasville and is administered by the Main Street Program. Downtown Thomasville is in a Local Historic District. Design Guidelines for correct restoration and rehabilitation are in the Main Street office.

Monies available are for *exterior improvements only*, and may be applied to a front, side, or rear facade, provided the facade faces a public street or parking area. The amount of the match will be determined by the Main Street Office based on the funds available and number of requests under consideration. Facade grants apply to those structures within the downtown commercial business district boundaries. Priority will be given to buildings with inappropriately applied facades that cover windows, are unsightly, are out-of-scale, and are in need of general repair work.

#### **Application Process**

- Application may be picked up at the Main Street Office.
- Main Street Director will review request.
- Projects must be reviewed by the Historic Preservation Commission (HPC) or Historic Preservation Commission Administrative Review Panel (HPCARP).
- Once the project has been approved, the Main Street Director will notify applicant if funds are available or if the application is placed on "waiting list" for facade grant assistance.
- Work on projects requiring HPC approval should not begin until after approval has been granted.
- Work on the rehab project must begin within <u>90 days</u> after project approval. If work has not begun within 90 days of approval, the grant application is subject to be voided. Project should be completed in a reasonable amount of time.
- Grant money will be paid upon <u>completion</u> of the project, once proper documentation is turned in to the Main Street Office. (See attached W9.)

#### Main Street Facade Grant Criteria

- 1. Petitioner must be located in Downtown Commercial Business District.
- 2. Historic/architecturally significant buildings will be given priority.
- 3. Project should have impact on the downtown streetscape.
- 4. Visually prominent and economically blighted buildings will be given priority.

## **Guidelines for Facade Improvements**

- 1. The Downtown Local Historic District Design Guidelines are used as a guide when making recommendations.
- 2. Planned improvements must preserve the architectural integrity of the building and restore, when possible, the historic appearance of the facade.

- 3. Colors should be harmonious with the neighboring structures.
- 4. The surface cleaning of structures must be by the gentlest methods available. Inappropriate chemical cleaners should be avoided due to possible damage of aged building components. Sandblasting is NOT an approved method of cleaning.
- 5. The size, color, and shape of a sign should compliment the building and add to the historic flavor of the area. **All signage must comply with local sign ordinances.**
- 6. Work on the rehab project must begin within 90 days after approval. The grant will be paid to the recipient **after work is completed and all bills relating to said work are paid, documented with receipts/cancelled checks**, as per agreement with the Main Street office.
- 7. The money is in the form of a grant, not a loan, and is available as follows:
